

<b>RFC Forecaster Learning Plan</b>	<b>Type</b>	<b>Due Date</b>	<b>Sequence #</b>
Quantitative Precipitation Forecasting Overview	Course	N/A	1
Dams and Dam Failure - Module 1: Terminology and Open Channel Hydraulics	Course	N/A	2
Dams and Dam Failure - Module 2: St. Venant Equations, Modeling, and Case Study	Course	N/A	3
Introduction to Distributed Hydrologic Modeling	Course	N/A	4
Distributed Hydrologic Models for Flow Forecasts - Part 1	Course	N/A	5
Distributed Hydrologic Models for Flow Forecasts - Part 2	Course	N/A	6
The NWS Hydrologic Ensemble Forecast System	Course	N/A	7
Introduction to Verification of Hydrologic Forecasts	Course	N/A	8
Precipitation Estimates, Part 1: Measurement	Course	N/A	9
Precipitation Estimates, Part 2: Analysis	Course	N/A	10
