Forecaster Development Program (FDP) Convective Weather Training Learning Plan		Type
1	Skew-T Mastery	Course
2	Principles of Convection I: Buoyancy and CAPE	Course
3	Principles of Convection II: Using Hodographs	Course
4	Principles of Convection III: Shear and Convective Storms	Course
5	AWOC Severe IC 1 - Lesson 1: Conceptual Models for Supercell Storms	Course
6	Severe Convection II: Mesoscale Convective Systems	Course
7	AWOC Severe IC 2 - Lesson 1: Lifting Mechanisms	Course
8	AWOC Severe IC 2 - Lesson 2: Short-Term Threat Assessment	Course
9	Lightning Meteorology 1	Course
10	Lightning Meteorology 2	Course
